fabricator

1957

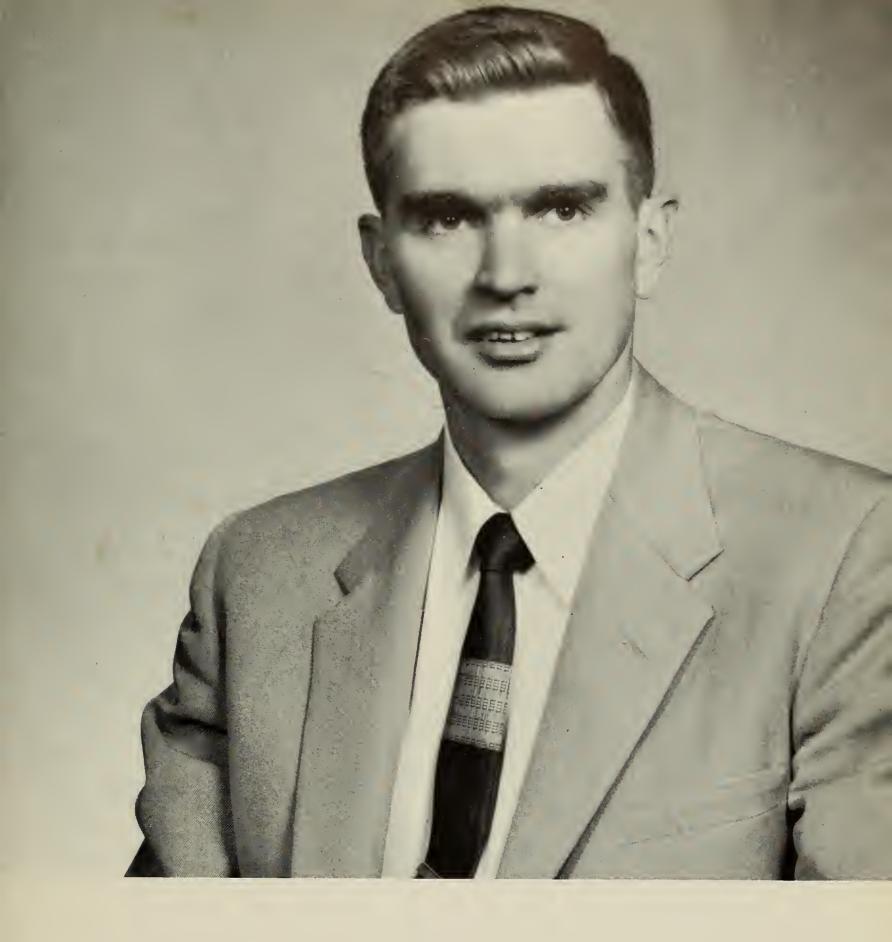

Digitized by the Internet Archive in 2012 with funding from Boston Library Consortium Member Libraries

HOWARD C. TINKHAM Professor

We, the class of 1957, humbly dedicate this Fabricator to Professor Howard Tinkham, who, as a teacher, has expended all his energies in an effort to impart knowledge to others and, who, as a gentleman, has set an example which remains unsurpassable.

DR. JOHN E. FOSTER
President

To the Class of 1957

There are those in this world who know a great deal about very little or a very little about a great deal. It would seem that the leader-ship of tomorrow's world will be assumed by neither of those groups but rather by those with grasp and understanding, those whose thinking is broad and uninhibited. It must be assumed, in fact, by those leaders whose understanding of the world in which we live is not limited to the present but rather extends to the horizons of the future.

You of the Class of 1957 must seek your place with this group and I am sure you will realize a much better world in which to live.

To all of you my sincere congratulations and best wishes.

Dr. John E. Foster, President

TECH TALK

New Bedford Institute of Textiles and Technology

Vol. IV

NEW BEDFORD, MASS., APRIL 12, 1957

No. 4

STAFF REVIEWS YEAR

Looking back over the past scholastic year, the Tech Talk staff members can congratulate each other for a job well done. Though the paper has made but little progress in actual number of publications (six as compared to last years five) there have been many improvements made.

In the middle of the year, Editor Joseph Goodman's efforts cut the costs of printing by 38%. This was accomplished by switching from an offset lithograph method of printing to letterpress. This lower cost will allow the paper to lower advertising rates and increase the number of issues in the future.

An improved advertising set up which was inaugurated to offset costs, should yield good returns next year. Another innovation in the past year was the new subscription and circulation department headed by Earle Holden. The subscriptions from this year alone would almost pay for an extra issue under the new printing system.

Also in this year, new features have been added to the paper. "The Greek World" has given you all the fraternity and sorority news. "Letters to the Editor" received almost immediate popularitý: a Jazz column was started in the fourth issue. The efforts of "Thos" brought us an account of the Student Council meetings in every issue. "Alumni Corner" was founded with the aid of Prof. Fenaux, and a technical report feature was established by Gus Diez.

All things considered, this year was a successful one for Tech Talk. The tireless efforts of Joe Goodman and his assistants saw our paper through a few rough spots. The progress made, though it may seem minor, makes Tech Talk's future much brighter.

In addition, Morrison also was employed in the Bureau of Ships for the Navy last Summer. Another paper, "MY EXPERIENCE AS A STUDENT ENGINEER was published by the Navy and received national recognition.

Danny is also an active participant in the extracurricular activities at the Institute. He is an ardent tennis player, having been on the team for four years. He has been a member and past president of the Glee Club. In addition he is

This first place award for having the best Interfraternity program in its class was given on the basis of service to the community, service to member fraternities, service to college and general student body, and service to "fraternity ideals."

U.N.H. fell into the category of schools having 10 to 19 fraternities. Listed in the U.N.H. brochure were the following projects:

1. Service to community; blood donor program, Help Week, recordings for the blind, the outstanding citizen award, and the Christmas baskets and parties.

2. Service to member fraternities; Judiciary Board, fire drills, Songfest, workshop evaluation program, and the IFC-IDC (Inter-Dormitory) Dance.

3. Service to the college and general student body; rushing handbook, board scholarships for foreign students, scholarship fund, and the rushing convocation.

4 Service to "fraternity ideals":

ing fraternities do no diversification for the are attempting to fo ternity. The group school needs another offset the one-wipledging as it now ex

This year, New Bedford Tech's basketball team won just about everything that the S. N. E. C. C. had to offer. Not only did they win the Conference title but they also won the round robin tropy in the tournament at the end of the season. The overall record compiled by the New Bedford Tech this year was 18 - 12, excluding the service team games. While this record was not outstanding, the conference record was somewhat brighter, being 9 - 2. The ninth victory came in the playoff game with Stonehill for the conference championship. New Bedford Tech's Arnie Atkinson was the big factor in the playoff game scoring 26 points and gathering a barrel full of rebounds. In the round robin finals against Durfee Tech, again it was big Arnie Atkinson who was the hero. He had 40 points, nearly half of New Bedford Tech's total of 81.

A few of the bright spots in the Tech basketball picture is the fact that only one player on the entire squad was a Senior. Dave Lammers, the team's high scorer, is just a freshman. Dick Arieta is only a Sophomore as is Arnie Atkinson and Dale Stetson is a junior. Johnny Foster is the only member of the team who will not be back for the next campaign.

The New Bedford Tech soccer team enjoyed a fairly successful last fall with a record of 4 wins, 5 losses and 1 tie. While this record may not seem too impressive, the fact that all the members of the squad will be back next season except three players. They are Talsop Lee, Joe Galvam, and Eddie Cambra. With the majority of the team coming back, Coach El Cloutier is looking forward to a very successful campaign. The Members of the team: Chris Hayes, Dick Arieta, Don Moriarty, Tommy Viera, Dale Stetson, Gordon Helme, Ivan Sylvia, Eddie Sylvia, Eddie Cambra, Tommy Damon, Paul Cloutier, Dave Coakley, Eddie Rose, Talsop Lee, D. Voutsines, Joe Galvam, T. Lucas, Johnny Murphy, Tommy Brown, and Craig Proctor.

Since 1954, the New Bedford Tech tennis team has compiled an amazing record. They have held the S. N. E. C. C. Championship every year since its existence, and they have an overall record of 22 wins and 2 defeats going into the 1957 campaign. This year's squad, which is ably coached by Prof. Louis Pacheco, is looking forward to another excellent season. With such first line tennis players as Danny Morrison, Gilly Dutra, Bill Bicott, Bary Robbins, Gus Diez and Eddie Sylvia, along with newcomers Jay Gracia and Marty Bendikson, New Bedford Tech has high hope of maintaining its conference title.
